TERMS OF SERVICE

Fixed Price Plans:

You will pay the Fixed Price per kWh specified in the above Disclosure Chart and your ESA for the Term of this Contract. Your Price per kWh will include the Generation Charge, Transmission Charges, and gross receipts tax for services provided under this Contract. Your Price per kWh does not include Distribution Fees as charged by the EDC, applicable state or local tax or other EDC charges (e.g., out of cycle meter reading fees, meter test fees, disconnection and reconnection fees, etc.) for which you are also responsible. You may also pay a Monthly Electric Management Fee, the amount of which, if applicable, is specified in the above Disclosure Chart and your ESA.

You acknowledge that the price plan selected during enrollment ("Price Plan") is subject to our verification of your EDC service territory and service class type (i.e., residential or small commercial customer). If we are unable to verify your EDC service territory and/or service class type as stated during enrollment, we may switch you to an appropriate Price Plan for your EDC service territory and/or service class type, as determined in our sole discretion, by providing you with fourteen (14) days advance written notice of the change in Price Plan. You will have the right to cancel this Contract without fees or penalties prior to the date of the change in Price Plan as stated in your notice. If you do not cancel your Contract with us before the date stated in your notice, the change in Price Plan will become effective as of the date stated in your notice.

Other Pricing Information:

For Introductory Prices, you will pay a Price per kWh that is a discount to the EDC's per kWh price to compare for the period of time specified in the above Disclosure Chart and your ESA. Thereafter, you will pay Frontier Energy's Fixed Price **specified in the above Disclosure Chart and your ESA**. You may also pay a Monthly Electric Management Fee, the amount of which, if applicable, is disclosed in the above Disclosure Chart, your ESA, and your Welcome Letter. Please refer to these documents for further details.

For renewable price plans, we purchase and retire Renewable Energy Certificates ("RECs") to offset 100% of your electricity usage.

Length of Contract ("Term"): The term under this Contract will begin on the meter read date set by your EDC (unless you and we otherwise agree), and will continue for a period specified in the above Disclosure

Chart and your ESA and ending on your meter read date at the end of such period.

Expiration of Term/Change in Terms: If you have a fixed term contract with us and it is approaching the end of your Term or whenever we propose to change our terms of service, we will send you advance notices either in your bill or in separate mailings. An Initial Notice will be sent between forty-five (45) and sixty (60) days before the end date of your Contract. The Options Notice shall be provided to you at least thirty (30) days prior to the expiration date of the fixed term contract. We will explain your options in these advance notices.

Billing and Payment: You will receive a single bill from your EDC for the cost of your electric generation (as described above), as well as the EDC's Delivery Charges and state and local taxes. Your payment will be due to the EDC by the date specified in the bill. If you do not pay your bill in full by the due date, you will be subject to the EDC's late payment policies and procedures, including imposition of late fees, interest and other charges as described in the EDC's filed tariff(s). You agree to accept the measurements as determined by the EDC for purposes of determining your electricity usage. If the EDC is unable to read your meter, the EDC will estimate your usage and your charges will be calculated accordingly and adjusted on a future bill. We reserves the right to include or cause to be included in any subsequent bill, adjustments to the charges for electric generation service related to previous billings, previous billing errors, meter read errors, miscalculation of taxes or other errors or omissions, whether such bills are issued by your EDC or by us.

Your Right to Cancel - After the expiration of your Right of Rescission but prior to the end of the Term, as specified in the Disclosure Chart, you may cancel this Contract at any time by sending an email to care@frontierutilities.com or fax to 1-866-926-8193, but you will be charged the Cancellation Fee specified in your Disclosure Statement. You may cancel this Contract without penalty if you move to another location and provide a forwarding address and, if required, reasonable evidence that you no longer occupy the service address. Your cancellation will not be effective until the next regularly scheduled meter-reading date following the date on which we give the EDC notice of your cancellation request.

Our Right to Cancel - We may cancel this Contract if you fail to pay amounts due us or otherwise fail to perform your obligations under this Contract. We may also cancel this Contract: (i) if your EDC is unable to read your meter for three (3) months in a row; (ii) if at any time you request separate bills from your EDC and Frontier Utilities; (iii) if the EDC removes you from their consolidated billing program and requires that Frontier Utilities bill you separately for your electric generation;

(iv) if for any reason Frontier Utilities is no longer able to economically continue this Contract; or (v) if the information provided by you is or becomes untrue. We will notify you in writing at least fourteen (14) days prior to cancellation of this Contract.

You may be charged a Cancellation Fee as indicated in the Disclosure Chart if this Contract is terminated after the expiration of your Right to Rescission described but prior to the end of the Term, as specified in the Disclosure Chart.

Upon termination of this Contract, you will return to receiving default service from the EDC, unless you have selected another EGS.
